

## H2020 SaT5G Workshop on 5G Satellite-Terrestrial Integration for Aircraft Connectivity – February 6 2020, Wessling (Germany)

### Agenda

09:00 – 09:15 Workshop Opening & Welcome

09:15 – 09:45 5G and satellite communications: A satellite operator's perspective – Simon Watts (Avanti Communications)

09:45 – 10:15 SaT5G Project Overview & Achievements – Michael Fitch (University of Surrey)

10:15 – 10:45 Next Generation In-Flight Connectivity – Matteo Berio (Zodiac Inflight/Safran Passenger Innovations Germany)

10:45 – 11:00 – Coffee Break

11:00 – 11:30 Satellite Integration into 5G: The GEO/MEO Operator's Perspective – Konstantinos Liolis (SES)

11:30 – 12:00 SATis5 Project Overview – Adam Kapovits (Eurescom GmbH)

12:00 – 12:30 Safran 5G Testbed Overview – Leonardo Goratti (Zodiac Inflight/Safran Passenger Innovations Germany)

12:30 – 13:15 Lunch Break

13:15 – 14:15 GEO Live Demo/O3b video demo + Q&A (Zodiac Inflight/Safran Passenger Innovations Germany)

14:15 – 14:45 5G ARTES Testbeds: Next Steps – Maria Guta (European Space Agency)

14:45 – 15:15 Overview of 6G activities – Harri Saarnisari (University of Oulu)

15:15 – 15:30 Workshop Closing
